For the past two years I have been in the process of retraining to Software Development.

I'm looking for a Backend Developer position – Junior / Entry Level / Student Internship.

Due to my special affection for Java language, I am oriented for a Java / Spring Framework position.

Open for further suggestions and willing to expand my tech knowledge accordingly.

EXPERIENCE & VOLUNTEERING

Freelance Full Stack Developer, Self Employed, Giv'atayim, Tel Aviv

2021 – PRESENT

- Web Development for private clients – building full desktop apps, end-to-end, server side and client side.
- Currently in progress: "Meri Bishulim" – E-commerce website for homemade food orders.
