

Chelly Izraelov

I am a Software Developer with a special affection to Java language and Spring framework.

I am passionate about coding, and now it is an integral part of my life as I enjoy it immensely in my leisure time.

I consider myself as a very determined individual with an outstanding 'Can-Do' Attitude, keen to face new challenges in the work environment. I believe I have excellent work collegial relations.

As an enthusiastic coder and a motivated learner, I would like the opportunity to be a 'super-duper' team player in your company, and I look forward to beginning my journey with you.
